2 BROTHERS HURT

BYRON MASTERS ACCIDENTALLY SHOT—HOWARD'S ARM BROKEN.

PLAYING WITH RIFLE

Howard Thrown From Horse While Riding to Tell of Brother's Accident—In the Hospital.

Riding to tell the news that his brother, Byron, had accidentally shot himself, Howard Masters was thrown from his horse yesterday afternoon and his arm was broken.

The boys are the sons of Mr. and Mrs. George Masters, who live about eight miles west of Maryville.

Byron had gone to visit at the home of his sister, Mrs. Ola Keever, living eleven miles northwest of Maryville. With Marvin Hitchcock they were in the kitchen playing with a target rifle. The boys had removed all the shells from the magazine, they thought, and were about to refill it when the gun was in some way discharged, the bullet striking Byron, a 14-year-old boy, in the right breast and passing nearly through his body, but not killing him.

When the news reached home Howard started on horseback to tell an older brother of the accident. The horse became unmanageable and threw the boy, breaking his arm.

Byron was brought to St. Francis hospital in Maryville yesterday afternoon.

Dr. Leslie Dean is caring for the boy at the hospital, and said this afternoon that he is resting comfortably and probably is out of danger.

HORSES ARE HERE

SOME RACERS ARE NOW IN THE STABLES ON FAIR GROUNDS.

PREPARING EXHIBITS

Horse Show to Be Feature—Shuron, Frank Fletcher, Waldo, Miss Sly Among Track Entries.

The fair grounds are beginning to take on an appearance of activity. Some of the horses are already being brought here, stabled on the grounds and exercised on the track. Concession people are arriving and selecting places for their attractions, and a few of the exhibits are being prepared.

By Monday the grounds will be a busy place. The work of arranging the exhibits will be in full swing. The Parnell races will be over and a string of track horses will be brought here from there. The live stock from over the county will be brought to the barns and exhibit buildings, and there will be the final rush of getting everything ready for the opening Tuesday.

The entries which have been made in the live stock and agricultural exhibit will make a showing unsurpassed by any neighboring fair, say the managers. Nodaway's best products will be brought here for exhibition. The horse show, they add, will bring as good a line of draft, saddle and driving horses as is seen at any of the fairs of this size and at many much larger ones.

J. A. Ford, A. O. Mason and Frank Roelofson of the board of directors of the fair, were among the persons who went to Clarinda yesterday to see Lincoln Beachey fly. Everybody brought back word of his wonderful control of his machine. Mr. Ford says that the man who will be sent here by the Moisant Aviation company will give just as good flights as those seen at Clarinda. Three flights will be given each day, fifteen in all, and the monoplane will be on exhibition for the inspection of everyone.

Some of the best horses in the west are to be brought here for the races. A few of them which have been entered are:

Shuron, a running horse from St. Paul, Minn., who will start in the Maryville Derby. Shuron won the Missouri derby at Sedalia, the Oklahoma state derby and the derby at the Shreveport, La., state fair last fall. He has been racing at Canada this summer and will be shipped from St. Paul to Maryville.

Frank Fletcher is another of these horses. He is on the way from Winnipeg, Canada, here. At that place he won the Winnipeg derby this summer. Frank Fletcher is owned and raced by the jockey Johnny Singleton of Dallas, Texas.

Waldo is a horse from the Jones stables at Parnell, and is fast enough to compete favorably with any of the imported horses.

Miss Sly, a mare owned by J. N. Coakley & Son of Creston, Ia., has made a great reputation for herself this summer. She holds the Missouri and Iowa records in the seven-eighths mile, and a few weeks ago, after a bad start, equalled the world's three-quarter mile record. She will start in the inaugural race here and may be entered in the derby.

The purse given in the Maryville derby is the largest running race purse given in Missouri or Iowa this year.

The Parnell Races.

The race meet at Parnell will open tomorrow and will continue over Saturday. There are twenty horses competing and some good races will be had. Racing will begin on both afternoons at 2 o'clock. All of the horses that are in the Parnell races will come to Maryville for the race meet next week. J. M. Stevens is having charge of the races there.

Went to Clarinda.

An auto party composed of E. E. Williams, Dr. Frank C. Wallis, Dr. Wm. Wallis, Jr., and F. P. Reuillard went to Clarinda today to attend the fair and see Lincoln Beachey fly.

Chautauqua at Hopkins.

The Chautauqua at Hopkins will commence Saturday and will continue until next Thursday. The Chautauqua will be held in the city park.

NEGROES IN FIGHT

HARLEY PAGE AND ELOPHIS GUNN USE BRICK AND KNIFE.

KNIFE BETTER WEAPON

Page Receives Four Cuts on Body, One 14 Inches Long—No Complaints or Arrests.

Two darkies, one with a brickbat, the other with a knife, met on unfriendly terms last night, and as a result it took a doctor an hour and a half to patch up the man who carried the brickbat. He had four cuts on his body, one of them fourteen inches long.

Harley Page and Elophis Gunn are the two men who had the trouble, and Page is the one who was cut.

No one seems to know the exact cause of the fight or very much about it. The darkies who have anything to say about it give it as hearsay only, firmly denying any first hand knowledge of the affair and saying that they were home in bed. However, Page was known to be under the influence of liquor, and it is thought the trouble began because of a woman.

The fight occurred on West Second street about midnight. The quarrel began as most of them do, and after a few words Page, it is said, hit Gunn on the head with a brick and started to run. Gunn whipped out a knife and started after him. The two men grappled, and before Gunn could be pulled away he had cut a gash fourteen inches long in Page's thigh, three smaller cuts in his back and two of his fingers to the bone. This last cut was caused when Page tried to grab the knife and Gunn drew it through his hand.

The men were parted, Gunn returning to his home, east of town and Page hunting a doctor.

No arrests have been made as the fight was kept very quiet and Page made no complaint, saying he was as much to blame as Gunn.

"GETS-IT," 2 Drops, Corn Vanishes!

The Only Sure Ender of All Corns.

Desperate, are you, over trying to get rid of corns? Quit using old formulas under new names, bandages, winding-tapes and cotton rings that make a fat little package out of your

toe. Quit punishing your feet by using toe-eating salves and ointments. To use knives, files, scissors and razors, slicing and hacking at a corn, only make it grow faster and bigger. It also brings danger of bleeding and blood poison. The new way, the new principle never known before in corn-history, is "GETS-IT." It's a liquid—2 drops on a corn does the work. Pain goes, the corn begins to shrivel and out it comes! You apply it in two seconds. Nothing to stick, nothing to hurt, and it never fails. Try "GETS-IT" tonight on corns, calluses, warts or bunions.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

ANOTHER PARCEL POST SUCCESS.

Found Practical Medium of Direct Exchange of Farm Produce.

Practicability of the parcel post as a medium of direct exchange between the city dwellers and producers on farms has been established by a test in ten cities, the postoffice department says. Postmasters reports stated the new system had been welcomed in nearly all communities, that it appeared a factor in reducing the cost of living, and that improvements under way insured its success.

In some sections, it was stated, the farmers impeded expansion of the service to some extent by naming prices which by comparison quotations in the local markets were considered too high by city purchasers. In nearly all cases, however, the postmasters reported the plan had provided city dwellers a better grade of farm product.

A Sequence.

The automobiles of Drs. Kirk and Large were standing side by side in the McCleave garage at Hopkins Tuesday. Neither of them needed attention, of course, for a Maxwell nor a Studebaker ever get out of repair, these two being there for gasoline or oil. But what we started to say is, the car of Dr. Kirk bears the license number of 29437 and the one of Dr. Large 29438, and it may be a hundred years before two cars are again in the garage with the license numbers a sequence, unless it would be these same two cars.—Hopkins Journal.

You need the shoes—we need the money. Don't forget our sale of pumps and oxfords.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

2 BROTHERS HURT

BYRON MASTERS ACCIDENTALLY SHOT—HOWARD'S ARM BROKEN.

PLAYING WITH RIFLE

Howard Thrown From Horse While Riding to Tell of Brother's Accident—In the Hospital.

Riding to tell the news that his brother, Byron, had accidentally shot himself, Howard Masters was thrown from his horse yesterday afternoon and his arm was broken.

The boys are the sons of Mr. and Mrs. George Masters, who live about eight miles west of Maryville.

Byron had gone to visit at the home of his sister, Mrs. Ola Keever, living eleven miles northwest of Maryville. With Marvin Hitchcock they were in the kitchen playing with a target rifle. The boys had removed all the shells from the magazine, they thought, and were about to refill it when the gun was in some way discharged, the bullet striking Byron, a 14-year-old boy, in the right breast and passing nearly through his body, but not killing him.

When the news reached home Howard started on horseback to tell an older brother of the accident. The horse became unmanageable and threw the boy, breaking his arm.

Byron was brought to St. Francis hospital in Maryville yesterday afternoon.

Dr. Leslie Dean is caring for the boy at the hospital, and said this afternoon that he is resting comfortably and probably is out of danger.

Hopkins Growing Temperate.

The underground reporter for this paper heard a Hopkins man say last Sunday morning that he had received the day before a case of beer from Maryville and tried hard to find someone who would agree to help him drink it the following day. Being unsuccessful in finding anyone willing to enter such a compact, he became disgusted and returned the beer to the bottling works.—Hopkins Journal.

Mrs. Ray and daughter, Alice, who also spent the summer on the ranch, are now in Denver visiting. Mrs. Ray will return to Maryville in two weeks and Miss Ray will go to Rupert, Idaho, where she will teach this winter.

HORSES ARE HERE

SOME RACERS ARE NOW IN THE STABLES ON FAIR GROUNDS.

PREPARING EXHIBITS

Horse Show to Be Feature—Shuron, Frank Fletcher, Waldo, Miss Sly Among Track Entries.

The fair grounds are beginning to take on an appearance of activity. Some of the horses are already being brought here, stabled on the grounds and exercised on the track. Concession people are arriving and selecting places for their attractions, and a few of the exhibits are being prepared.

By Monday the grounds will be a busy place. The work of arranging the exhibits will be in full swing. The Parnell races will be over and a string of track horses will be brought here from there. The live stock from over the county will be brought to the barns and exhibit buildings, and there will be the final rush of getting everything ready for the opening Tuesday.

The entries which have been made in the live stock and agricultural exhibit will make a showing unsurpassed by any neighboring fair, say the managers. Nodaway's best products will be brought here for exhibition. The horse show, they add, will bring as good a line of draft, saddle and driving horses as is seen at any of the fairs of this size and at many much larger ones.

J. A. Ford, A. O. Mason and Frank Roelofson of the board of directors of the fair, were among the persons who went to Clarinda yesterday to see Lincoln Beachey fly. Everybody brought back word of his wonderful control of his machine. Mr. Ford says that the man who will be sent here by the Moisant Aviation company will give just as good flights as those seen at Clarinda. Three flights will be given each day, fifteen in all, and the monoplane will be on exhibition for the inspection of everyone.

Some of the best horses in the west are to be brought here for the races. A few of them which have been entered are:

Shuron, a running horse from St. Paul, Minn., who will start in the Maryville Derby. Shuron won the Missouri derby at Sedalia, the Oklahoma state derby and the derby at the Shreveport, La., state fair last fall. He has been racing at Canada this summer and will be shipped from St. Paul to Maryville.

Frank Fletcher is another of these horses. He is on the way from Winnipeg, Canada, here. At that place he won the Winnipeg derby this summer. Frank Fletcher is owned and raced by the jockey Johnny Singleton of Dallas, Texas.

Waldo is a horse from the Jones stables at Parnell, and is fast enough to compete favorably with any of the imported horses.

Miss Sly, a mare owned by J. N. Coakley & Son of Creston, Ia., has made a great reputation for herself this summer. She holds the Missouri and Iowa records in the seven-eighths mile, and a few weeks ago, after a bad start, equalled the world's three-quarter mile record. She will start in the inaugural race here and may be entered in the derby.

The purse given in the Maryville derby is the largest running race purse given in Missouri or Iowa this year.

The Parnell Races.

The race meet at Parnell will open tomorrow and will continue over Saturday. There are twenty horses competing and some good races will be had. Racing will begin on both afternoons at 2 o'clock. All of the horses that are in the Parnell races will come to Maryville for the race meet next week. J. M. Stevens is having charge of the races there.

Went to Clarinda.

An auto party composed of E. E. Williams, Dr. Frank C. Wallis, Dr. Wm. Wallis, Jr., and F. P. Reuillard went to Clarinda today to attend the fair and see Lincoln Beachey fly.

Chautauqua at Hopkins.

The Chautauqua at Hopkins will commence Saturday and will continue until next Thursday. The Chautauqua will be held in the city park.

Miss Gladys Harper returned last night from Pickering, where she had been visiting her cousin, Miss Mildred Bainum.

Dr. J. C. Allender returned this morning from a several days' visit at Boone, Ia., with his son, Dr. Rolla Allender.

NEARLY 200 PRIZES

Thoroughbred Poland-China Gilt Offered as Sweepstakes in Boys' Corn Growing Contest.

It is an attractive list of prizes which is offered this year for the exhibits in the Nodaway County Agricultural and Domestic Science association. In all there are nearly 200 cash prizes, beside the sweepstakes and special premiums. There are from three to seven prizes in each class, ranging from $10 to 50 cents.

This, the sixth annual contest, will be held in Maryville, October 13 to 17, in connection with the home-coming, and the prizes probably will be awarded the third day, October 15. One prize, that for the best acre yield, will not be awarded until November 15.

In the boys' corn growing contest the contestants are limited between the ages of 10 and 20. There will be two classes each for ten-ear exhibits of both white and yellow corn, with seven prizes in each class ranging from $10 to $1. In this contest a sweepstakes prize is offered by Fred P. Robinson, consisting of a thoroughbred Poland-China gilt.

Then there will be four prizes given for the best single ears of corn.

Each contestant must plant and raise the corn which he exhibits on at least one-half an acre.

Beside the regular prizes for the best record book, corn judging contests and acre yield—the first prize in the last is a thoroughbred O. I. C. Chester gilt given by John Harvey—there will be two special prizes of $40 and $20 offered by the state corn show for the best acre yield in the state.

The age limits in the domestic science contest are the same as in the corn growing contest. Prizes will be offered in sixteen classes for the best shirt waist, best dressed doll, best fancy apron, best work apron, best loaf of lightbread, best butter cake, best sponge cake, best canned vegetables, berries and fruit, best candy, best exhibits of stockinet and textile darning.

NEGROES IN FIGHT

HARLEY PAGE AND ELOPHIS GUNN USE BRICK AND KNIFE.

KNIFE BETTER WEAPON

Page Receives Four Cuts on Body, One 14 Inches Long—No Complaints or Arrests.

Two darkies, one with a brickbat, the other with a knife, met on unfriendly terms last night, and as a result it took a doctor an hour and a half to patch up the man who carried the brickbat. He had four cuts on his body, one of them fourteen inches long.

Harley Page and Elophis Gunn are the two men who had the trouble, and Page is the one who was cut.

No one seems to know the exact cause of the fight or very much about it. The darkies who have anything to say about it give it as hearsay only, firmly denying any first hand knowledge of the affair and saying that they were home in bed. However, Page was known to be under the influence of liquor, and it is thought the trouble began because of a woman.

The fight occurred on West Second street about midnight. The quarrel began as most of them do, and after a few words Page, it is said, hit Gunn on the head with a brick and started to run. Gunn whipped out a knife and started after him. The two men grappled, and before Gunn could be pulled away he had cut a gash fourteen inches long in Page's thigh, three smaller cuts in his back and two of his fingers to the bone. This last cut was caused when Page tried to grab the knife and Gunn drew it through his hand.

The men were parted, Gunn returning to his home, east of town and Page hunting a doctor.

No arrests have been made as the fight was kept very quiet and Page made no complaint, saying he was as much to blame as Gunn.

"GETS-IT," 2 Drops, Corn Vanishes!

The Only Sure Ender of All Corns.

Desperate, are you, over trying to get rid of corns? Quit using old formulas under new names, bandages, winding-tapes and cotton rings that make a fat little package out of your

toe. Quit punishing your feet by using toe-eating salves and ointments.

To use knives, files, scissors and razors, slicing and hacking at a corn, only make it grow faster and bigger. It also brings danger of bleeding and blood poison. The new way, the new principle never known before in corn-history, is "GETS-IT." It's a liquid—2 drops on a corn does the work. Pain goes, the corn begins to shrivel and out it comes! You apply it in two seconds. Nothing to stick, nothing to hurt, and it never fails. Try "GETS-IT" tonight on corns, calluses, warts or bunions.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

ANOTHER PARCEL POST SUCCESS.

Found Practical Medium of Direct Exchange of Farm Produce.

Practicability of the parcel post as a medium of direct exchange between the city dwellers and producers on farms has been established by a test in ten cities, the postoffice department says. Postmasters reports stated the new system had been welcomed in nearly all communities, that it appeared a factor in reducing the cost of living, and that improvements under way insured its success.

In some sections, it was stated, the farmers impeded expansion of the service to some extent by naming prices which by comparison quotations in the local markets were considered too high by city purchasers. In nearly all cases, however, the postmasters reported the plan had provided city dwellers a better grade of farm product.

A Sequence.

The automobiles of Drs. Kirk and Large were standing side by side in the McCleave garage at Hopkins Tuesday. Neither of them needed attention, of course, for a Maxwell nor a Studebaker ever get out of repair, these two being there for gasoline or oil. But what we started to say is, the car of Dr. Kirk bears the license number of 29437 and the one of Dr. Large 29438, and it may be a hundred years before two cars are again in the garage with the license numbers a sequence, unless it would be these same two cars.—Hopkins Journal.

You need the shoes—we need the money. Don't forget our sale of pumps and oxfords.

MONTGOMERY SHOE CO.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
